

2015 ESTATE CABERNET SAUVIGNON

A TRADITION OF SUSTAINABLE WINEGROWING

As a fifth generation farm family, sustainable winegrowing is a way of life. We learned early on that to be generational we must be sustainable. As a result, our dedication to improving vineyard practices and health of our surrounding natural environment is how we farm. After nearly 30 years, agriculture continues to be the core of who we are and in 2006 we opened our own winery to show that great wine begins in the vineyard. Our 2015 Estate Cabernet Sauvignon carries on this proud tradition of sustainable winegrowing.

GROWING SEASON

The heavy rains in December 2014 coupled with sporadic spring storms slightly eased the early season vine stress due to California's ongoing drought conditions. Warm windy days and cooler than average nights in April and May led to slow crop development as well as small berry and cluster sizes. We did see warmer than average temperatures in June and typical July weather that resulted in an early, intense harvest with lower yields on average. The season began almost three weeks ahead of normal and was completed by the end of September. Throughout the season, we worked hard to keep up with the fast paced harvest to deliver winegrapes at the optimal time with our winemaking team loving the concentrated colors and fruit flavors.

VINEYARD NOTES

Our LangeTwins Estate Cabernet Sauvignon draws on winegrapes from our estate vineyards in the center of the Lodi Appellation. From gentle rolling vineyard floors to the influence of a nearby river, each vineyard has unique attributes that are essential to the consistent style and quality.

WINEMAKER NOTES

Barrel aged for 18 months in French and American oak, our 2015 Cabernet Sauvignon strikes a balance between oak and fruit notes. The dense cherry and warm spice aromas are enhanced on the palate by richness imparted by extended maceration, and smooth tannins give a structured finish to the wine. This is a well-balanced wine that can be enjoyed now or for years to come.
