FAIR CAFÉ LIQUEUR

PRIZE WINNING TASTE

Voted the best tasting liqueur
2011 New York Spirits Awards

APPEARANCE:

“Pleasing clear gold color, a dark gold amber, on swirling leaves an even coat on the glass with some scalloping of the edge line and some legs slowly developing followed by droplets.”

FIRST IMPRESSION:

“At first whiff, the coffee has a very Mexican coffee smell to it, a nice, balanced earthiness to it, with touches of sweetness and almost no traces of the alcohol”.

TASTE:

“FAIR Café delivers a true taste of freshly roasted coffee, with full-bodied and rich flavors of almonds and hazelnuts followed by the pleasant taste of caramelized sugar.”

CREATED WITH CARE, CRAFTED WITH COGNAC

The great taste comes from slow roasting to extract the fine, authentic properties of the coffee; a double filtration process to enhance the flavor and authenticity of the original bean; and water from the Cognac region in France.
