## AOP LUBERON

### HISTORY

The name “cuvée source” takes its inspiration directly from this historic abundance of water. A symbol or suggestion of health, healing, and good fortune.

### THE WINE

Floral notes of lime tree, then white fruits and citrus. Ending with an exotic nuance. The attack is lively, with aromas of white fruits, vine peaches, sublimated by a gourmet note of fresh almond.

### TERROIR AND VINIFICATION

Northern part of Oppède. Colluvial soils with clay and sand. Carefully planned harvesting to get optimal maturity in each plot, sorting, de-stemming and gentle press. Blending the production of several plots in order to reach a complex, fresh and elegant wine.
