

- DOMAINE DE RAISSAC -

OSTREA - Sauvignon Blanc

WINE ESTATE

Domaine Raissac comes from a Languedoc vineyard with a mosaic of soils cultivated since Roman times. Each vineyard boasts vines specific to its own soil and microclimate. This diversity of land creates “cuvees” with strong personalities as well as varietal and subtle blended wines. Gustave Viennet, the sixth generation of the family’s winegrowers, has been responsible for the last decade of the development of Château de Raissac wines.

TERROIR & VARIETAL

100% Sauvignon Blanc

Covering 86 hectares with vines, Domaine Raissac vineyards have a great diversity of soils: plain composed of alluvium, pebble stones of the tertiary period, and hills of limestone-clay rich in marine fossils.

VINIFICATION

The wines are vinified and aged in a unique cellar in the Languedoc, dug out of limestone cliffs in the 17th century.

Skin maceration after crushing and de-stemming. Fermentation at low temperatures. One month “sur lies” with batonnage.
