

Belle Chasse Gin—The perfect house gin

Fresh and modern... Ideal for light, classic cocktails like a gin & tonic or a citrus-forward martini

This sophisticated gin is produced at the same boutique distillery in Cognac, France, as Belle Chasse premium vodka. The Master Distiller, who oversees production, is key to creating this classic gin.

Nose

Bright and invigorating... led by an expressive burst of fresh citrus (zesty lemon peel, sweet orange blossom, hints of grapefruit). Juniper is a subtle complement, as are the delicate floral tones and a whisper of green herbs.

Palate

Crisp and lively... vibrant citrus flavors (mandarin and lemon zest) are balanced by classic juniper and gentle spice (coriander, with a hint of pepper). The texture is smooth, clean and refreshing.

Finish

Soft and lingering... a clean citrus fade is accented by light herbal notes. Leaves a mouthwatering brightness, inviting another sip.
