

VIGNOBLES Meyre

Une famille de vigneronns

Blanc of Black

Vin de France

100% Cabernet Sauvignon

Blanc of Black : white wine made with black grapes : this is Julien's challenge with plot 353 and 38. Why this plot of land ? Inherited from his grandfather, overlooking the river and benefiting from an exceptional climate, it met all the conditions to make a great wine. This wine is aged in stainless steel and recalls the «Heavy Metal» note of its winemaker. The freshness and liveliness in the mouth resonate like a Hard Rock album and the notes of white peaches dance delicately on the finish like a romantic ballad. A deliciously atypical wine in its shape, texture and fruit.

Plot : 1.25 ha

Manual harvesting in crate

Direct pressing

Ageing in stainless steel tank

Bottling by our team
