

Très Pomme

In 2010, Calvados Christian Drouin produced the first bottles of Très Pomme within the «calvados Expression» range with the desire to offer a young Calvados Pays d'Auge (3 years), at high proof, and with explosive aromas of apple.

The success of this reference did not never denied since. It is now offered in a new packaging that expresses the values of sobriety of our house.

FOR EACH BOTTLE OF TRÈS POMME PRODUCED, MORE THAN 3 KG OF CO² ARE ABSORBED FROM THE SURFACE OF ORCHARD REQUIRED TO ITS PRODUCTION.
