

SAND POINT

FAMILY VINEYARDS

WHERE FAMILY AND NATURE MEET

Sand Point is a special place in Acampo, California where members of our family have enjoyed spending time and appreciating the beauty of nature. In the midst of our vineyards lies a river basin with surrounding native plants and animals. Our family has upheld the landscape to ensure future generations can have their own joyful times alongside nature. Our devotion to Sand Point is the same dedication we have for winegrape growing.

Our family has been farming the land surrounding Sand Point since the late 1940's - following the end of World War II. This was long before the region was designated an American Viticultural Area, which happened in 1986.

The sustainably certified Merlot vineyard is west of Sand Point in the Clarksburg Appellation. The profound maritime influence of the Sacramento Delta provides the perfect conditions for quality wines. - The LangeTwins Family

TASTING NOTE

Focused raspberry fruit and vanilla aromas merge with dark berry flavors and ripe cherry. The approachable opening merges with a cocoa powder note and smooth tannins from twelve months of French oak aging to create a concentrated wine.
