

TENUTA SAN GIACOMO

Tenuta San Giacomo lies very few miles from the Gavi centre, on the hills of the Ligurian Pre-Apennines. The estate owns 20 hectares of vineyards, cultivated according to the passion and the tradition of the Bergaglio family who has played a significant role in the birth and growth of Gavi di Gavi for three generations. The family firmly believes in the principle that great wines come from the vines first of all; therefore they devote themselves entirely to the most careful cultivation of vines, strictly respecting the territory and the environment.

TASTING NOTES

This wine is born from a passion for the terroir and a careful cultivation of the Cortese vines. The grapes produced by these vineyards are subject to strict selection and only the very best, picked at just the right moment of ripening, produce this wine which undergoes months on the lees. A pale yellow color with flecks of green, this wine has a typically floral and balmy bouquet accompanied by mineral tones. It is intense, fresh and sapid, whilst at the same time robust and structured. Perfect with flavorful starters, raw fish, fish soup and grilled meats.
